## **Valley TeleCom Group Kicks Off Campaign to Raise \$10,000 for Local Charities**

**Willcox, AZ – November 1, 2020** – The past few months have exacted a heavy toll on many residents in our local communities. The grim reality of the coronavirus pandemic has put a large part of our population at risk, and many are still in need of food and shelter. This year, Valley TeleCom Group is kicking off our “Together, Let’s Create Some Magic” campaign to raise \$10,000 for donation to local charities, such as food banks and animal shelters. From now through mid-December, every time a new customer signs up for internet service, Valley TeleCom will donate \$50.00 to support the local food bank or animal shelter, whichever cause the customer chooses. And, as a bonus, the new customer will receive a \$50.00 credit on their bill. It’s a win-win arrangement that will donate money back into the parts of our local communities that need it most.

“There’s so much more we can do when we choose to work together,” said Jamie Wright, Customer Relations Supervisor. “During this season of magic, we’re reaching out and working with each new internet customer—to get them connected and to help them contribute to a greater good. It’s something we can do together to make great things happen in our communities.”

Now, more than ever, fast and reliable broadband internet is necessary to keep people connected to family, friends, and loved ones. The ability to work and learn from home has become an essential need as we face the challenges of living in a post-COVID world. Valley is dedicated to ensuring easy and reliable access to internet and worry-free WiFi—and to making sure each new connection contributes to the health of our local communities. For more information about the “Together, Let’s Create Some Magic” campaign, please contact Valley TeleCom Group at 800-421-5711.
