

****Network Administrator****

Valley Telecom Group is looking for a Network Administrator who can assist with Layer 3 routing, Layer 2 switching, BGP and firewall devices. A solid understanding of both DHCP and DNS is preferred along with the ability to work with a variety of hardware ranging from Cisco and Calix transport equipment to Windows and Linux servers. This position is part of a team environment that requires the person to work with others on a variety of projects and at other times work on their own doing network maintenance and monitoring. This is a fast paced environment that constantly changes as technology advances so adaptability is a must. Critical thinking skills are needed to troubleshoot problems and to develop strategies to help keep the company moving forward in the 21st century.

Requires a high school diploma or GED. Combination of related work experience and/or training in related field equal to a total of 3 years. is desirable but not essential. Excellent benefit plan. Health, dental and vision insurance, 401(k) plan, retirement plan, Paid Time Off (PTO), life insurance, and long-term disability.

Applications may be obtained from our web site: www.vtc.net OR requested by calling 520-384-2231 or 1-800-421-5711. You may also pick one up at our headquarters located at 752 E. Maley Street, Willcox, AZ. This position will be open until filled. Please submit applications to: Valley Telephone Cooperative, Inc., P.O. Box 970, Willcox, AZ 85644. Attn: EMPLOYMENT. You may also fax your application and/or resume to: 520-826-1848 or email them to: employment@vtc.net. A post-offer, pre-employment drug test, motor vehicle driving record and background check will be conducted. EOE
